OFFICIAL CUSTOMER STATEMENT
QUALITY & COMPLIANCE

October 26, 2026

To Our Valued Customers,

Statement of GMP Compliance & Quality Commitment

FDA-REGISTERED · GMP-COMPLIANT · MADE IN THE USA

Palmyra Nutra is committed to supplying dietary supplement products you can trust. We hereby confirm that our products are manufactured in FDA-registered, GMP-compliant manufacturing facilities in the United States, and that we follow all applicable U.S. Food and Drug Administration requirements, including:

- **Current Good Manufacturing Practices** for dietary supplements under 21 CFR Part 111.
- **FDA facility registration** for the facilities that manufacture our products.
- **Labeling compliance** with applicable FDA dietary supplement labeling regulations.
- **Documented batch records** maintained for every production lot.
- **Third-party testing** of every lot, with Certificates of Analysis available on request.
- **Quality control and full lot traceability** from raw materials to finished product.

Quality is not a step in our process; it is the standard for every step. We continually review our procedures to keep pace with regulatory requirements, and we welcome any questions about our quality practices or documentation.

Thank you for your continued trust in Palmyra Nutra.

Sincerely,

Richard Weisner
