04 / PRODUCT CATALOG

A contract manufacturer that takes emerging brands seriously

Palmyra Nutra is a San Diego nutraceutical manufacturer built for brands that need a clear path from idea to finished goods — without oversized first runs. We formulate, manufacture, package and scale across ten formats under your brand.

Why brands work with us

• **FDA-registered facility** with GMP-compliant manufacturing in the USA

• **Low starting quantities** on selected formats (gummies, tinctures and topicals from 250 units)

• **Custom formulation** — develop with us, start from a private-label base, or produce a specification you already own

• **One partner for your line** — add formats as you grow without changing manufacturers

• **Straight answers** — line-item quotes, clear timelines and an honest fit assessment

Facility

6754 Calle De Linea #107, San Diego, CA 92154

~25,000 sq ft production · formulation, manufacturing, packaging and quality control under one roof

White Label vs Private Label

• **White Label** — finished product without your brand label applied (unlabeled stock you brand later)

• **Private Label** — manufactured and labeled under your brand, ready for retail or DTC

Link: Capabilities overview · About us · Quality & testing

05 / PRODUCT CATALOG

From idea to finished product

1. **Inquiry** — Tell us the format, actives, dosage and target quantity.
2. **Formula** — We develop, refine or work from a formula you already own.
3. **Quote** — Line-item pricing, minimums, packaging and timeline — before anything is scheduled.
4. **Sample** — Approve taste, texture, fill weight and packaging as needed.
5. **Production** — Manufacturing, packaging, quality control and ship.

Formats at a glance

Format	Starting quantity (published)	Detail page
Gummies	From 250 finished bottles (selected projects)	palmyranutra.com/gummy-manufacturer/
Capsules	Powder-fill only; from 60,000 capsules	palmyranutra.com/capsule-tablet-manufacturer/
Tablets	Quoted by project (typical floor ~30,000 tablets — confirm on quote)	palmyranutra.com/capsule-tablet-manufacturer/
Tinctures	From 250 units (selected projects)	palmyranutra.com/tincture-manufacturer/
Softgels	Custom from 1,000 units; standard CBD programs quoted separately	palmyranutra.com/cbd-manufacturer/cbd-softgels/
Stick packs / powders	Stick packs from 10,000; powders quoted by project	palmyranutra.com/private-label-stick-pack-manufacturer/ · /private-label-powder-manufacturer/
Beverages	Pilot / project-based	palmyranutra.com/beverage-co-packer/
Topicals	From 250 units (selected projects)	palmyranutra.com/topical-manufacturer/
Pet soft chews	Existing formulas from 25,000 chews; custom from 50,000	palmyranutra.com/pet-chew-manufacturer/
Cannabinoids	Same format floors as above by product type	palmyranutra.com/cbd-manufacturer/

Gummies

Pectin and gelatin gummies in your shape, color, flavor and dose — including functional and botanical actives that normally resist a gummy base. Where an active will not carry cleanly in a standard base, a water-soluble delivery option is available.

07 / PRODUCT CATALOG

Gummies

PRODUCT DETAILS

Formats & options

- Bases: pectin · gelatin
- Finish: sanded · coated · plain
- Packaging: bottle · pouch · jar
- Custom molds and retail-ready private label packaging
- Pilot path: selected projects from **250 finished bottles** (e.g. 30-count jars under your brand)

Popular formula directions (examples, not SKUs)

- Creatine support gummies
- Electrolyte / hydration gummies
- Mushroom focus / functional mushroom gummies
- Sleep support gummies
- Magnesium gummies
- Ashwagandha gummies

White Label / Private Label: Available unlabeled (White Label) or labeled under your brand (Private Label). Custom formulas and existing-spec production both supported.

Learn more: Gummy manufacturer · Low-MOQ custom gummies · Creatine · Electrolyte · Mushroom gummies · Sleep · Magnesium · Ashwagandha

Capsules

Two-piece vegetarian and gelatin capsules across a wide range of fill weights and blends — the workhorse format for many first products. Capsules are **powder-fill only** (no liquid or oil fills).

09 / PRODUCT CATALOG

Capsules

PRODUCT DETAILS

Formats & options

• Capsule shells: vegetarian · gelatin (enteric options available)

• Process: blending · wet/dry granulation · encapsulation · bottle filling

• Packaging: bottles (count and closure quoted per project)

Starting quantities

• Capsules: from **60,000 capsules** (powder-fill only)

Popular formula directions (examples)

• Multivitamin / mineral blends

• Herbal and botanical capsules

• Sports nutrition powders in capsule form

White Label / Private Label: White Label (unlabeled) and Private Label (your brand) available; custom or existing-spec production.

Learn more: Capsules & tablets · Enteric capsules

Tablets

Tablets include coated, uncoated, sublingual and effervescent concepts when the serving size or delivery route calls for them.

Tablets

PRODUCT DETAILS

Formats & options

• Tablets: coated · uncoated · sublingual · effervescent

• Packaging: bottles (count and closure quoted per project)

Starting quantities

• Tablets: quoted by formula, fill weight and packaging (confirm minimum on your quote)

Popular formula directions (examples)

• Sublingual and specialty tablet concepts

White Label / Private Label: White Label (unlabeled) and Private Label (your brand) available; custom or existing-spec production.

Learn more: Capsules & tablets · Sublingual tablets · Effervescent tablets

Tinctures

Custom carrier-oil and glycerin-based tinctures for nutraceutical and cannabinoid brands. Carrier selection, dosing accuracy and dropper or spray delivery are worked through as part of the quote. Selected tincture projects start at **250 units**.

Tinctures

PRODUCT DETAILS

Formats & options

• Bases: MCT and other compatible carrier oils · organic coconut glycerin (alcohol-free default on select programs)

• Delivery: dropper · spray

• Bottle sizes quoted per project

• Cannabinoid and non-cannabinoid nutraceutical actives

Popular directions (examples)

• Functional mushroom immune-support tinctures

• Botanical wellness drops

• Hemp cannabinoid oil tinctures (see Cannabinoids section)

White Label / Private Label: Sample, White Label (unlabeled) and Private Label paths available depending on program.

Learn more: Tincture manufacturer · Mushroom tincture

Mushroom Tinctures

Five-mushroom blend — turkey tail, maitake, reishi, shiitake and chaga — using organic fruiting-body extracts with hot-water / dual extraction and verified beta-glucans. Alcohol-free coconut glycerin base by default. Private label included: filled 60 mL bottle, tamper-evident graduated dropper and your label. Starts at **5,000 units**. Cartons and freight quoted separately. Full specification sheet (mg per serving and servings per bottle) available on request.

Featured ready-to-brand: Organic mushroom immune complex (60 mL)

Starting prices online → palmyranutra.com/mushroom-tincture-manufacturer/

Learn more: Mushroom tincture

Softgels

Softgels encapsulate liquids and oil-based actives rather than powders — a fit when an oil carrier does the work. Shape, color and size are specifiable. Gelatin and non-gelatin shells available.

Starting quantities: Custom softgel formulas from **1,000 units**. Standard CBD softgel programs are confirmed on the quote (see Cannabinoids).

Examples: Oil-soluble vitamins · botanical oils · hemp cannabinoid softgels

Learn more: CBD softgels · Capabilities — Softgels

White Label / Private Label: Available across these formats as project fit allows.

Stick Packs

Single-serve stick packs, sachets and bulk tubs, with blending and flavor development handled as part of the project. Common categories include greens, collagen, hydration and protein.

Starting quantities: Stick packs from **10,000 units**.

Examples: Electrolyte stick packs · collagen sachets

Learn more: Stick packs

White Label / Private Label: Available across these formats as project fit allows.

Powders

Single-serve stick packs, sachets and bulk tubs, with blending and flavor development handled as part of the project. Common categories include greens, collagen, hydration and protein.

Starting quantities: Bulk powders and tubs quoted by project.

Examples: greens blends · hydration powders

Learn more: Powders

White Label / Private Label: Available across these formats as project fit allows.

Functional Beverages

Pilot and project-based beverage development and production support — shots, cans and bottled formats. Formulas can be designed around hot-fill, tunnel-pasteurized, HTST and preservative-based systems, with process compatibility, shelf life, flavor and packaging in mind.

Starting quantities: Quoted per project; scope confirmed before a run is scheduled.

Learn more: Beverage co-packer

White Label / Private Label: Available across these formats as project fit allows.

Topicals

Emulsified creams, anhydrous balms and roll-ons, developed with a focus on texture, stability and how the product feels in use. Topical development is led in-house. Selected topical projects start at **250 units**. Cosmetic-style topicals only — no OTC drug claims or drug actives.

Formats: Cream · balm · roll-on · jar · tube · airless

Examples: Recovery balms · soothing creams · CBD isolate topicals (THC-free topical itself)

Learn more: Topical manufacturer · CBD topicals

Pet Soft Chews

Soft chews for dogs under your brand, in retail-ready printed ziplock pouches. Start from four proven formulas (with or without CBD) or request a custom formula.

Pet Soft Chews

PRODUCT DETAILS

Four ready-to-brand bases (each chew = one dose; typically 30 chews per pouch)

• **Immune Blend** — 7-blend mushroom (850 mg) + optional CBD (10 mg). Supports daily resilience and vitality.*

• **Mobility Blend** — Green lipped mussel (300 mg) + optional CBD (10 mg). Supports joint mobility and comfort.*

• **Digestive Blend** — Glutamine (200 mg), pumpkin (150 mg), inulin (100 mg), probiotics (1 billion CFU) + optional CBD (10 mg). Supports digestive health.*

• **Calming Blend** — Beef-flavored CBD chew. Supports calm and relaxation.*

Starting quantities: Existing formulas from **25,000 chews** (~834 pouches of 30). Custom formulas from **50,000 chews**.

Cannabinoids

Private-label and custom hemp-derived cannabinoid products for wellness brands. Start from a proven base or bring a written specification. Choose isolate, broad spectrum or full spectrum where the format allows, set potency per serving, and we handle compounding, filling, labeling and packing against an approved specification. Finished batches receive third-party testing for potency and relevant contaminants; a COA ships with the order.

Cannabinoids

PRODUCT DETAILS

No pricing in this catalog. Request a line-item quote for your spectrum, potency, packaging and volume.

White Label / Private Label: Unlabeled (White Label) and branded (Private Label) paths available by format.

Learn more: Cannabinoid hub · CBD gummies · CBD tinctures · CBD topicals · CBD softgels · CBD pet · Private label CBD

Related (ingredients): Specialty powders and water-soluble delivery materials are available through sister company Palmyra Phytotech for brands that source separately — palmyraphytotech.com

Specialty Peptides

Custom peptide formulation, delivery-format development, pilot production and scale-up for qualified partners — subject to ingredient review, quality requirements and applicable regulatory pathways.

Learn more: Capabilities — Peptides

PhytoNano™

Palmyra’s proprietary water-soluble powder platform to help difficult-to-formulate actives disperse more evenly — suited to cannabinoids and botanicals where consistency, taste and formulation performance matter. Available for gummies, beverages, liquid delivery, capsules and custom development.

Learn more: Capabilities — PhytoNano

Quality & testing

Production runs against an approved written specification with documented batch records. Raw materials arrive with supplier COAs where applicable. Finished goods can be third-party tested (e.g. microbial, heavy metals, potency). Ask for the testing package with your quote.

Learn more: Quality & testing

These statements have not been evaluated by the Food and Drug Administration. Products discussed are dietary supplements or cosmetics as applicable and are not intended to diagnose, treat, cure, or prevent any disease. Final label and marketing claims remain the brand owner’s responsibility. Palmyra Nutra does not manufacture OTC drug products.

Build the line your way

Three project types

1. **Custom formula** — We develop actives, dosage, format and flavor with you.
2. **Private Label** — Formulas we already produce, finished under your brand and packaging.
3. **Existing formula** — You own the spec; we produce to it and scale with you.

Packaging we commonly support

• Bottles, jars, pouches, stick packs, sachets, dropper bottles, tubes, airless

• Retail-ready printed pouches for pet chews

• Label design / packaging support available through our design partners

Gummy Builder (pilot path)

Choose actives, flavor and bottle design online, then run a 250-bottle pilot of 30-count jars under your brand — distinct from a larger R&D batch option. Opens on Palmyra Phytotech.

Ask us about the Gummy Builder for a guided 250-bottle pilot.
